

Welcome to KORB

Patient Education · Functional Health & Longevity

This is a printed copy. The links below still work and always open the current version of each guide. For the most up-to-date copy of this letter itself, visit https://korb-health.github.io/korb-patient-tools/KORB_Welcome_Letter.html

KORB Health Medical Texas PA · Patient education · printed copy, not the live version

This guide is for educational reference only. It is not medical advice. Always follow your prescription label and your KORB provider's guidance. If you have questions, contact KORB.

We are glad you are here. This is your starting point for the KORB Functional Health and Longevity Program.

At your first visit you complete your baseline labs. Your provider reviews those results and confirms your program and medication plan afterwards. Everything below helps you get oriented in the meantime.

Your most important links

Open Treatment Schedule

Your personalized schedule: visit checkpoints, lab timing and program milestones, all in one place.

Open My Peptide Tracker

Track your doses day to day and see where you are in your cycle.

Getting started

New to the program? Start here for a quick overview of what to expect in your first cycle.

Open the Start Here Guide

Program overview

Want the bigger picture of how the Functional Health and Longevity Program works? This covers the program structure. Your provider will confirm which tier fits your goals once your labs are back.

Longevity Program Overview

Your program tiers

Each tier is structured differently. Once your provider confirms your tier, open the matching overview below.

Foundation Program Overview

Gateway Program Overview

Peak Performance Program Overview

Your medication guides

Once your provider confirms your medication, open the matching guide below for how it works, how to use it, and what to expect.

Sermorelin

CJC-1295 / Ipamorelin

BPC-157

Tesamorelin

GHK-Cu (Add-On)

How to give your injections
